Request for Quotation

Please submit completed form to QuoteRequest@proteos.com.

Contact Information	
Name: Organization: Address: Email: Phone:	
Nature of Inquiry:	Quotation for ordering Pricing estimate For grant submission
General Information	
Service requested (select all that apply)	Expression Purification Antibody Production Custom Cell Culture Baculovirus Titer Assay Thermal Shift Analysis Other (specify):
Protocol	<i>Will a protocol be provided that describes the requested work?</i> Yes (please submit protocol with request) No (please complete applicable sections below)
Type of project (select all that apply)	Optimization Expression verification Analytical pilot scale with yield determination Production scale
Protein information	Protein name: MW: Species: Biosafety Level:
Amino acid sequence	
Starting material	Sequence only (for synthesis and subcloning) Expression plasmid encoding protein of interest Other (specify):
Expression System	Mammalian (HEK or CHO) Insect (Sf9 or <i>Tni</i> PRO) Bacteria Other (specify): Specify cell line or bacteria strain:
Localization	Secreted Cytosolic Other:
Expression Scale	L To be determined
Purification methods (select all that apply)	Affinity Specify tag: Tag removal: Yes No Protein A/G Ion exchange Size exclusion Other (specify):
Analytics (select all that apply)	SDS-PAGE: Reducing Non-reducing Western blot (specify antibody): Analytical HPLC-SEC Endotoxin analysis (LAL)
Deliverables	Target amount of protein: Concentration: Aliquot size: Purity: Endotoxin requirement: Formulation buffer: Other (specify):
How did you hear about Proteos?	Website Colleague Trade show Other:
Additional Comments	
A full technical report is included as a deliverable with each project	

Please submit completed form to QuoteRequest@proteos.com.
