

Request for Quotation

Please submit completed form to QuoteRequest@proteos.com.

| Contact Information | | | |
|--|--|--|---|
| Name: Organization: Address: | | Email: Confirm Email: Phone: | |
| How did you hear about Proteos? (select all that apply) | Proteos website LinkedIn Referral from: Other (specify): | Google Search Twitter | Google Ad Trade show Facebook |
| General Information | | | |
| Nature of Inquiry: | Quotation for ordering | Pricing estimate | For grant submission |
| Service requested (select all that apply) | Expression Custom Cell Culture Other (specify): | Purification Baculovirus Titer Assay | Antibody Production Thermal Shift Analysis |
| Protocol | <i>Will a protocol be provided that describes the requested work?</i> Yes (please submit protocol with request) No (please complete applicable sections below) | | |
| Type of project (select all that apply) | Optimization Analytical pilot scale with yield determination Production scale | Expression verification | |
| Protein information | Protein name: MW: | Species: | Biosafety Level: |
| Amino acid sequence | | | |
| Starting material | Sequence only (for synthesis and subcloning) Expression plasmid encoding protein of interest Other (specify): | | |
| Expression System | Mammalian (HEK or CHO) Other (specify): Specify cell line or bacteria strain: | Insect (Sf9 or <i>Tni</i> PRO) | Bacteria |
| Localization | Secreted | Cytosolic | Other: |
| Expression Scale | L | To be determined | |
| Purification methods (select all that apply) | Affinity Specify tag: Tag removal: Yes No Protein A/G Ion exchange | Size exclusion | |
| Analytics (select all that apply) | SDS-PAGE: Reducing Non-reducing Western blot (specify antibody): Analytical HPLC-SEC | Endotoxin analysis (LAL) | |
| Deliverables | Target amount of protein: Aliquot size: Purity: Formulation buffer: Other (specify): | Concentration: Endotoxin requirement: | |
| Additional Comments | | | |
| A full technical report is included as a deliverable with each project | | | |
